

# Valleywood Stewardship Project

---

The Valleywood Stewardship Project is kindly supported by The Ontario Trillium Foundation and Region of Peel (2014-2017). This project has engaged local residents, students and partners to help protect, restore and enhance the natural environment of SouthFields and Valleywood communities, Town of Caledon. This project is in partnership with SouthFields Village Residents Group, Valleywood Resident Association, ecoCaledon, The Living City Foundation and Toronto and Region Conservation.

## Summary of the accomplishments for year 1 and 2

Project Summary (2014-2015)	Total
Participants Engaged	1038
Events	35
Trees & Shrubs	1312
Wildflowers	2040
Habitat Structures	9

## Event Photos:

*Thank you to the community residents and girl guides for their hard work and dedication creating a natural habitat and protecting our environment.*

## What's Happening Next?

We have exciting stewardship activities coming up in 2016. TRCA will be hosting a number of Greening Your Grounds and pollinator habitat workshops, tree and shrub plantings, and creating a meadow habitat with wildflowers and habitat structures.

To find out about upcoming events for 2016, please visit Eventbrite and search "Valleywood".

If you have any questions or would like to learn more about the Valleywood Stewardship Project please contact:
